This is the first in a series of stories about the members of the Elba Rescue Squad. This week's spotlight focuses on Captain Ray Norris, captain of he Squad, and a member for 5-1/2 years. He was also a policeman up until about three months ago - and is still a reservist on the force. Captain Norris feels very strongly about the rescue ope

rations, for he says "I remen ber the days when we didn't have any way to get injured folks the hospital, quickly an safely, and many died. I know how important this work is. He cites figures to show that his and other members' work is increasing each year. For instance, last year, they made ll more calls than in 1971, and more this year than last. There are four squads, and one squad is on call each week

present each time, but he says 'I try to make all the wrecks, shootings, etc." There are 26 members in all - six are also Captain Norris and his wife, Judy, live in Brookdale. They have one child, a boy, Patrick, four years old. He says his wife "for the most

Thanksgiving

353 Years Ago, the Pilgrims set foot on Ply mouth Rock---and a new way of life began. On board the Mayflower, the little band of Pilgrims signed a compact, agreeing to form a local government for the new town of Plymouth, Massachusetts, and to abide by its laws. In the Mayflower Compact, we see the early flowering of democracy in America. As we observe Thanksgiving Day--yet another legacy from our Pilgrim forefathers -- we can indeed be thankfu for our proud heritage, for our American way of life, for freedom and its blessings. Let us then be humbly grateful and let us reaffirm our faith in freedom, with our determination to preserve and cherish it, forevermore.

An open letter to leaders in the wiregrass:

It is my pleasure to announce a brand new campaign to help yourself while you help build an American Dream.

Today's Volunteer Army is an Army people want. The American public asked the Congress to end the draft, and the President is implementing the order. The U.S. Army put its shoulder to the task and already has nearly 80% of the required number of young men and women for its ranks. The rest is up to you — the American Citizens who lead your community by helping to shape responsible public opinion.

A great new opportunity exists in the Ft. Rucker area for you to help yourself, to help young people and help your community and country at the same time.

This year a new program has started at Ft. Rucker. Already over 1200 young people joined it and more are needed.

Young men and women between the ages of 17 to 35 can enlist in the Army and spend most of their time at Ft. Rucker or they might chose Europe or Hawaii for example. Either way they start out making \$326.10 a month while continuing their

education. If they choose Ft. Rucker of course most of this new payroll stays at home. In as little as two years the young person may be ready to return to his civilian community equipped with a modern skill that will both help him and add new life to the local economy in areas as varied as law enforcement, heavy equipment operations and computer technology. You can help yourself and help your country right now by learning all about HELP YOUR-SELF. Then help a young person help himself or herself by encouraging them to make some-

thing of their lives. URGE ONE YOUNG PERSON TO TALK WITH A HELP YOURSELF REPRE-SENTATIVE. If you are a young person yourself, get in touch with a HELP YOURSELF representative or call 347-0314.
